

## CybraryN™ KB Article

### CybraryN™ software does not cover the entire screen

#### Issue

When using the CybraryN™ Desktop, CybraryN™ Software does not fill the entire screen.

#### Solution

1. Start CybraryN™ Software
2. Go to **File > Setup**.
3. On the **Admin** tab, enter **FULL SCREEN** in the Startup application field.
4. Click **OK** and exit the software to save.
5. Restart CybraryN™ Software.
